## KERN ALLERGY MEDICAL CLINIC

Tonny Tanus, M.D • Eric J Boren, M.D

The Department of Health and Human Services has established a "Privacy Rule" to help insure that personal health care information is protected for privacy. The privacy rule was also created in order to provide a standard for certain health care providers to obtain their patients' consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal medical records and will do all we can to secure and protect that privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information, for payment or health care operations, in order to provide health care.

We also want you to know that we support your full access to your personal medical records. Written consent will be needed, and your doctor's review. We may have indirect treatment relationships with you (such as laboratories that only interact with physicians and not patients), and may have to disclose personal health information for purposes of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent. You may refuse to consent to the use or disclosure of your personal health information, but this must be in writing. Under this law, we may have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

You have the right to review privacy notice, to request restrictions and revoke consent in writing, after you have reviewed our privacy notice.

### COMPLIANCE ASSURANCE NOTIFICATION FOR OUR PATIENTS

The misuse of Personal Health Information (PHI) has been identified as a national problem causing patients inconvenience, aggravation, and money. We want you to know that all of our employees, managers and doctors continually undergo training so that they may understand and comply with government rules and regulations regarding the Health Insurance Portability and Accountability act (HIPPA) with the particular emphasis on the 'Privacy Rule'.

It is our policy to properly determined appropriate uses of PHI in accordance with the governmental rules, laws and regulations. We want to ensure that our practice never contributes in any way to the growing problem of improper disclosure of PHI. As part of the plan, we have implemented a Compliance Program that will help us prevent any inappropriate use of PHI.

We welcome your input regarding any service problem so that we may remedy the situation promptly. Thank you for being one of our highly valued patients.

Print Name. \_\_\_\_\_ Signature: \_\_\_\_\_

Parent, Guardian, (if patient is under 18yrs) or patients

Date: \_\_\_\_\_

## OFFICE FINANCIAL POLICY

Our goal is to provide and maintain a good physician- patient relationship. Letting you know in advance of our office policy allows for a good flow of communication and enables us to achieve our goal. Please read this carefully and if you have any questions, please do not hesitate to ask a member of our staff.

### **Patient Registration**

A copy of your current insurance card, drivers license and verification of your address is required. You are responsible for ensuring your address and insurance on file are correct. You are responsible for any unpaid balances or fees that arise if this information is not updated.

### **Late Cancellations & No-Show Policy**

Missed appointments not only impact you, but other patients waiting to be seen. If you are unable to keep your appointment, we require **24 hours'** notice to cancel so we can open this time up for other patients to schedule. If you do not call or text us within 24 hours you are subject to:

- **\$50** fee for any missed appointment
- **\$70** fee for any missed procedure appointment (Skin Test or Pulmonary Function Test)
- **\$100 Deposit fee to schedule any Specialized Testing** (Oral Challenges, ST Drug, ST Venom)

*\*w/the exception of Medi-cal*

### **Insurance Coverage**

- As a courtesy, Kern Allergy will verify your coverage and will file insurance claims to your primary and secondary insurance carrier. If the secondary does not cover the balance owed from the primary insurance, you are responsible for any balance on the account.
- Patients are expected to pay for all estimated co-payments, deductibles, and coinsurances at the time of service. If you are unable to pay your co-pay and any other patient responsibility at the time of service, you will be asked to reschedule. If you have a Deductible exceeding **\$500**, you may be required to provide deposit or credit card information.
- If our physicians do not participate in your insurance plan, payment is required in full for your visit due at the time of your visit.

### **Insurance Authorizations**

It is your responsibility to understand your insurance benefit plan, and to know if a written referral or authorization is required to see the specialist. Often a preauthorization is required prior for procedures. We strongly urge you to contact your insurance company prior to your appointment for detailed benefit coverage, policy limitations, and non-covered service.

### **Payment**

- If payment arrangements have not been made with our billing department, patients with outstanding balances over *90 days* with unpaid portions will cause services to be placed on hold. Appointments will not be scheduled and prescription refills will not be provided until balance is paid in full.
- A \$50.00 fee will be charged for any checks returned, along with any bank fees included.
- If you are requesting a copy of your medical records, there will be a **\$15.00** fee for the first report; **0.50 ¢** per sheet thereafter.
- Should you have forms that need to be completed and signed by the Physician you may be subject to a **\$25.00** fee for the first page and **\$5.00** for any additional forms.

### **Minor Patients**

- Patients under the age of 18 must be accompanied by the parent or guardian. (*Unless consented*)
- The parent who consents for treatment will be the responsible party on the account and is responsible for all charges regardless of divorce or separation decree.

\_\_\_\_\_ **Initials (front and back)**

- We request patients age 18 or older covered under their parent's insurance to sign an authorization allowing Kern Allergy Medical Clinic to contact parents regarding insurance and billing issues.

**Termination/Discharge from Practice**

The following scenarios may jeopardize the patient/physician relationship in which Kern Allergy Medical Clinic will terminate or discharge the patient from the practice. The patient will be sent a letter of discharge in the event of:

- Abusive Patient
- Failure to meet financial obligations
- Profanity
- Threats of social media retaliation

\*Patients who exceed 3 consecutive no shows within the year will be discharged from the practice, and send back to their PCP healthcare provider. Your PCP will be notified, and a referral will be required. It will be up to your providers discretion to be seen by our facility once again.

I have read and understand Kern Allergy Medical Clinic Financial Policy, and agree to comply and accept responsibility for any payment that becomes due as outlined previously.
